

# Avant LEDtube T9 Circular (EM/Direct)

## OMSCHRIJVING

De Noxion Avant LEDtube T9 Circular (EM / Direct) is een uitstekende retrofit-vervanging voor traditionele fluorescentielampen. Dankzij het hoge rendement tot 100 lm / w kan er ten minste 50% aanzienlijke energiebesparing worden behaald in vergelijking met traditionele tl-buizen. Bovendien kunnen door de lange levensduur van 30.000 uur ook de extra onderhoudskosten worden verlaagd. De Avant LEDtube T9 Circular kan worden gebruikt met zowel de elektromagnetische ballast als met directe netspanning. Het is de gemakkelijkste en snelste manier om uw armatuur te upgraden met LED-technologie.

## TOEPASSINGEN

## ELEKTRISCHE DATA

EAN	Artikelomschrijving	Vermogen (W)	Equivalent (W)	Input Frequentie (Hz)	Voltage(V)	Starttijd
